# PREFACE.

In presenting this, the fifty-second volume of the Troy Directory, to the public, the publishers are confident that in no previous issue has the labor of collecting and compiling the names, and other material for this work, been done more thoroughly and carefully; and that each and every department of the book will be found as complete and reliable as is possible to make a work of this kind.

In the edition of last year we printed, in the department representing Troy and Lansingburgh, 2,059 more names than were to be found in the same department in the edition of the previous year, and we remarked, at the time, that such a large percentage of increase in population was rarely found to take place during one year, in any of the older cities of the east. Upon comparing the same department, in this edition, with that of last year, we find a further increase of 920 names over those of last year; yet how often we hear it said that TROY is NOT a growing place.

We have so often alluded to the one principal difficulty, under which many people labor while looking for names in the book, that it may seem to a few of our patrons unnecessary to again repeat it; but the difficulty being still so generally practiced by very many of our patrons, we deem it well to again say: It must ever be remembered that all names are arranged in strictly alphabetical order, according to the manner in which they are spelled, instead of their pronunciation; therefore, in looking for the name of a person which is spelled CARNEY, remember it *cannot* be found on the page with those which are spelled Kearney; and that such names as the following, viz.: *Loughlin*, *McLaughlin*, and *O'Laughlin*, also *Riley*, *Reilly* and *O'Reilly*, are each to be found on *different* pages of the book; consequently, in looking for a name, with the spelling of which you are not familiar, you should, before concluding it has been omitted, not only look at the various ways of spelling a name having the same pronunciation, but also at those which are pronounced and spelled similar to it. If all, who so frequently declare the Directory at fault, will but carefully keep in mind the above hints, we will guarantee that very much less will be found wanting in both, the Directory and themselves. In a large majority of cases, the names of those which are claimed to have been omitted can be found in their proper places.

Of those whose names appeared in the first Troy City Directory, published in 1829, we give below a list of such as have died during the past year, viz.: Lyman J. Rundell, Philena Cook, Isaac Hillman, Francis N. Mann, John L. Thompson, Levinus Vanderheyden, Guy Young, Wm. D. Haight and Edward S. Fuller.

To the public, generally, who have kindly aided our canvassers in collecting the names, and other information for the work, we return our acknowledgments; and to our numerous friends and patrons, who have so generously favored us with their advertisements and orders for copies of the book, we hereby return our most cordial thanks, hoping that, at no distant day, very many more of the business men of Troy and vicinity, who so frequently have occasion to consult the pages of the Directory, thereby reaping its benefit, and who annually decline to become one of its patrons, may (*voluntarily, if possible, but otherwise, if necessary*), be made to more fully realize the great obligation under which they have placed themselves, to both our patrons and ourselves.

## Changes made in Compiling this Volume.

| | *Troy and Lans.* | *Cohoes.* | *West Troy.* | *Total.* |
|---|---|---|---|---|
| Number of Names in Directory of 1880 | 21,786 | 5,390 | 4,673 | 31,849 |
| Number of Names in Directory of 1879 | 20,866 | 5,228 | 4,452 | 30,546 |
| Increase from 1879 to 1880 | 920 | 162 | 221 | 1,303 |
| New names added in preparing the Directory of 1880 | 4,824 | 1,124 | 920 | 6,868 |
| Names erased in preparing Directory of 1880 | 3,904 | 962 | 699 | 5,565 |
| Changes in location, etc. | 5,343 | 1,353 | 979 | 7,675 |
| Whole number of Additions and Alterations in preparing this edition | | | | 20,108 |

Of the 31,849 names contained in this issue, only 11,741 are to be found in our edition of last year, without some alteration. By comparing these figures, it will be seen that on an average, only 38$\frac{1}{2}$-100, or about three to every eight, of the names in this edition, now remain correct in that of last year. How much more reliable is a last year's Directory than a last year's Almanac?

# STREET DIRECTORY,

Giving the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Second street No. 168 comes, you look at Second street, on page 14, and find that Liberty street crosses at 156, and Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

D. H. VAN AUKEN, COHOES.

This Company owns the entire water-power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse-power. The Company's gate-house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the Company, with land for factory buildings, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the locality, is the cheapest in the country. It is an unfailing power, and during the past few years, while most of the water-powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

## Troy Fire Alarm Telegraph.

CENTRAL OFFICE, ARBA READ STEAMER HOUSE.

Location of signal stations, and rules and regulations to be observed in giving an alarm of fire.

## Directions to those holding Signal Station Keys.

If a fire is discovered in your immediate vicinity, go to the nearest Box. Pull the hook all the way down *once* and let it go; wait a minute, and if you hear no tap in the Box or alarm from the Bells, go to the next nearest Box and pull the Hook as before.

If convenient, wait at the Box and direct the Firemen to the fire.

### CAUTIONS.

1 Never open the Box or touch the Hook, except in case of Fire *near you.*
2 Never pull the Hook when the small bell in the box is tapping.
3 Be sure that your Box is locked before leaving it.
4 Never let the Key go out of your possession, except to some known responsible person to give an alarm.

EVERY POLICEMAN HAS A KEY.

### NOTICE.

Complaints concerning the working of the Fire Telegraph, Irregular Striking of the Bells, or Tapping of the Boxes, Broken Wires, &c., should *in all cases,* be made to the Superintendent, A. D. Collins, at the Fire Alarm Office, Arba Read Steamer House.

### MANNER OF STRIKING ALARMS.

Alarms of Fire will be sounded by striking the Number of the Signal Station on St. Paul's, St. Joseph's, St. Mary's, St. Patrick's and St. Peter's Church Bells, and the Engine House Gongs, and tapping the same in all the Signal Boxes, as for example: For Station No. 3, three consecutive blows, followed by an interval of twenty seconds; Station No. 35, three blows, with an interval of ten seconds; then five blows, followed by an interval of twenty seconds.

ANDREW D. COLLINS,

Will pay interest on special deposits at the rate of three per cent a year; interest payable on the first day of January and July in each year, which are the semi-annual interest days. When the deposit is drawn out, interest will be allowed up to the first day of the month. If the interest is not drawn out when due, it will be added to the principal, and will also draw interest.

Interest will commence on all special deposits on the first day of each and every month, if made on or before the fourth day; if made after the fourth day of the month, interest will commence on the first day of the succeeding month, excepting where the fourth day of the month is Sunday or a legal holiday—then interest will be allowed, if deposited the day after the fourth, from the first day of the month.

# THE TROY NORTHERN BUDGET

Gives advertisers more circulation for a given amount of money, than any other newspaper published in Troy, Albany or this vicinity.

THE TROY NORTHERN BUDGET published every Sunday morning is the best advertising medium in Northern and Eastern New York, Western Massachusetts and Vermont, as it covers a field reached by no other single newspaper. It circulates every Sunday morning along the lines of the Rensselaer and Saratoga, Troy and Boston and Central and Hudson River Railways in the following cities, villages and towns: Troy, West Troy, Albany, Lansingburgh, Cohoes, Waterford, Green Island, Schenectady, Greenbush, East Albany, Bath, Melrose, Valley Falls, Hoosick, Hoosick Falls, Johnsonville, Hart's Falls, Eagle Bridge, Cambridge, Pownal, Williamstown, North Pownal, North Adams, Orange, Fitchburg, Shelburn Falls, Athol, Turner's Falls and Greenfield; it circulates in Rensselaer, Washington and Saratoga Counties, in Massachusetts, Western Vermont and in all outlaying towns, villages and cities in this vicinity, and it also has a large circulation by mail. The Budget is the largest paper in the city or county, being of the same size as the large New York dailies, and having a larger circulation than any other newspaper published in this section of the state, presents features to advertisers that no other paper published in this vicinity can. The Budget is the official paper of the city, is a member of the associated press, receives all the latest dispatches by telegraph and has all the latest and freshest local and general news to the hour of issue. It is read thoroughly by all classes and by thousands who read no other paper, for Sunday is the great reading day and people have more time to read advertisements on that day than on any other. The Budget is one of the largest circulated weeklies in the state outside of New York City, and reaches 50,000 readers each issue.

It is the paper above all others in this vicinity in which to advertise "Wants," "To Lets," "For Sale," and similar advertisements.

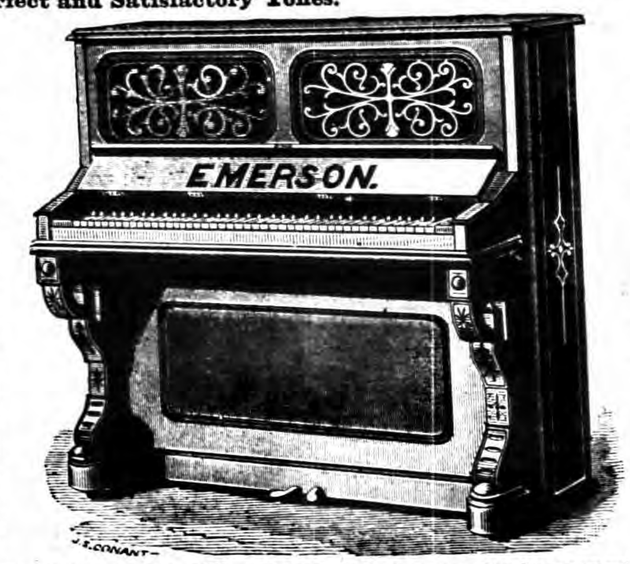
# EMERSON PIANO-FORTES.

## THE EMERSON PIANO COMPANY

Are desirous that their instruments shall be subjected to the strictest tests. By care in selecting materials, and by rigorously insisting upon perfect work, they produce instruments that are **ABSOLUTELY UNSURPASSED.** The mechanism of the Piano Forte is simple and easily understood. There is no secret or mystery about it, as some shrewd advertisers would have the public believe. The solidity of the frame and case, the well-chosen, well-seasoned, and well-wrought wood of the sounding-board, the perfection of the hammers, dampers, and strings; the unyielding firmness of the pins, the scientific voicing and tuning—these are the elements necessary to form **Perfect and Satisfactory Tones.**

**MORE THAN TWENTY-THREE THOUSAND** of these Pianos have been made and sold, and the STANDARD of EXCELLENCE was never so high as now.



**SUPERIOR UPRIGHT PIANOS TO RENT.**

**EVERY PIANO Warranted for Seven Years.**

To persons of musical taste, willing to trust their own ears, the Company submits its instruments, confident that in sonority, evenness, crisp action, sustaining power and durability, they are not anywhere excelled.
